

ANNUAL INFORMATION FORM

MARCH 3, 2010

OFFERING SERIES A AND F UNITS OF:

GLOBAL IMAN FUND

No securities regulatory authority has expressed an opinion about these units and it an offence to claim otherwise.

The mutual fund and the securities of the mutual fund offered under this annual information form are not registered with the United States Securities and Exchange Commission and they are sold in the United States only in reliance on exemptions from registration.

NAME AND FORMATION OF THE FUND

The Global Iman Fund (referred to as the “Fund”), qualified for sale by this document, is an open-ended mutual fund trust created under the laws of Ontario. The Fund was created under a declaration of trust dated February 6, 2009. The Fund offers units (“units”) in series A (“series A units”) and series F (series F units). The schedules of the Declaration of Trust may be amended from time to time to add or remove mutual funds. The Declaration of Trust establishes Global Prosperata Funds Inc. as the Trustee of the fund.

Global Prosperata Funds Inc. (referred to as the “GPMI” or “The Manager”) is the Manager, Trustee and Promoter of the Fund. The head office of the Fund and Global Prosperata Funds Inc. is located at 100 Mural Street, Richmond Hill, Ontario, L4B 1J3.

Unless otherwise indicated herein, information about the Fund which may be obtained on GPMI’s website is not, and shall not be deemed to be, incorporated by reference in this annual information form.

Under the provisions of an investment management agreement dated March 3, 2009, UBS Investment Management Canada Inc., a subsidiary of UBS Bank (Canada), Toronto, Ontario was appointed as the portfolio advisor (referred to as “the Portfolio Advisor”).

Under the provisions of a custodial agreement dated November 3, 2008, CIBC Mellon, Toronto, Ontario was appointed as custodian, record keeper and transfer agent of the Fund.

INVESTMENT RESTRICTIONS

Generally

The Fund is subject to certain restrictions and practices contained in securities legislation, including National Instrument 81-102 (“NI 81-102”). This legislation is designed in part to ensure that the investments of the Fund are diversified and relatively liquid and to ensure the proper administration of the Fund. Except as set out below, the Fund adheres to these standard investment restrictions and practices.

The fundamental objective of the Fund is set out in the Simplified Prospectus and may only be changed with the approval of security holders at a meeting called for that purpose. GPMI may change the Fund’s investment strategy from time to time at its discretion without notice to you. However, we will give Fund investors notice of our intention to make any changes that would be considered a material change as defined in National Instrument 81-106 – Investment Fund Continuous Disclosure (“NI 81-106”). Under NI 81-106, a change in the business, operations, or affairs of the Fund is considered to be an “a material change” if a reasonable investor would consider it important in deciding whether or purchase or continue to hold securities of the Fund.

Registered Plan Status

Provided the Fund qualifies as a mutual fund trust for purposes of the Income Tax Act (Canada) (“the Tax Act”), its units will be qualified investments under the Tax Act for trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans, registered education savings plans and tax-free savings accounts.

The Fund is expected to qualify as a mutual fund trust under the Tax Act effective from the date of its creation in 2009 and at all times thereafter. This summary assumes that the Fund will so qualify as a mutual fund trust under the Tax Act.

DESCRIPTION OF SECURITIES OFFERED BY THE FUND

When you invest in the Fund, you will receive a particular series of units of the Fund. The Fund is permitted to have an unlimited number of series of units and may issue an unlimited number of units of each series. GPFI may establish additional series of units and may determine the rights as between those series without your consent or notice to you. Each unit of a series will entitle an investor to:

- receive a pro-rata share of all net income and net capital gains (or losses) distributions attributable to that series made by the Fund (except for management fee distributions);
- share pro-rata in the net assets of that series upon the wind-up or termination of the Fund;
- vote at all meetings of the Fund (where the nature of the business to be transacted at an investor meeting concerns an issue that is relevant only to holders of a particular series, only holders of that series will be entitled to vote); and
- redeem or switch units to another series of the Fund.

The Fund offers three series of units – series A, series F, series I. Only series A and series F units are available for sale under this document. Series I units are not offered for sale under this document. The Fund offers series I units in reliance upon registration and prospectus exemptions under applicable securities legislation.

With respect to the different series of units described below, GPFI reserves the right to set and change minimum initial purchase amount and subsequent purchase amount requirements for the Fund without notice to you. Without your consent or notice to you, the manager may establish additional series of units and may determine the rights as between these series.

Series A units: for any investor who initially invests a minimum of \$500 in series A units under either the Initial Sales Charge Option (described below), Deferred Sales Charge Option (described below) or “Low-Load” Sales Charge Option (described below) whether purchased directly or through a registered plan. The minimum investment for all subsequent investments is \$25. Given the high cost of maintaining accounts, the Fund has the right to redeem your series A units if the book value of your investment is less than \$250. You will be notified that the book value of your series A units in the Fund is less than \$250 and given 30 days to make an additional investment to increase your investment in the Fund to \$250 or more before the redemption is processed.

Series F units: for any investors investing and maintaining a minimum of \$1,000 in the Fund, who are enrolled in a dealer sponsored “fee-for-service” or “wrap” program and who are subject to an asset-based fee (rather than paying commissions on transactions) payable to their dealer for the dealer’s on-going financial planning and advice. In this way, GPFI is able to reduce the management fee charged to the Fund on series F units because GPFI does not pay commissions or service fees to dealers who sell series F units of the Fund.

In accordance with NI 81-102, Unit Holders of each Fund will be permitted to vote on the following fundamental Changes:

- The basis of the calculation of a fee or expense that is charged to the Fund or series, or directly to its Unit Holders by the Fund or GPFI in connection with the holding of units of the Fund, is changed in a way that could result in an increase in charges to the Fund or series or to its Unit Holders;

- A fee or expense to be charged to the Fund or series, or directly to its Unit Holders by the Fund or GPFI in connection with the holding of units of the Fund that could result in an increase in charges to that Fund or series or to its security holders, is introduced;
- The Manager of the Fund is changed (unless the new manager is an affiliate of GPFI);
- The fundamental investment objectives of the Fund is changed;
- The Fund decreases the frequency of the calculation of its net asset value per unit; and
- Certain material re-organizations of the Fund.

In accordance with NI 81-102, the following changes can be made to the Fund without the approval of Unit Holders, but Unit Holders will be sent written notice at least 60 days prior to the effective date of the change:

- A new fee or expense is charged to the Fund as a result of a change made by a third party at arm's length to the Fund;
- The Auditor of the Fund is changed; and
- Certain material re-organizations of the Fund that are made which do not require unit holder approval.

Fractional Units

Fractions of units may be issued. Fractional units carry the rights and privileges, and are subject to the restrictions and conditions, applicable to whole units in the proportions which they bear to one unit; however, the holder of a fractional unit is not entitled to vote in respect of such a fractional unit.

Distribution Rights of the Fund

Each series of units of the Fund ranks equally with all other series of units of the Fund in the payment of distributions (other than management fee distributions). A series of units of the Fund will generally be entitled to the portion of a distribution equal to that series' proportionate share of the adjusted net income of the Fund, less expenses of the Fund attributable to that series and less management fee distributions of that series. Adjusted net income is the Fund's net income adjusted for series expenses. As a result of different expenses being charged to different series of units of the Fund, the amount of distributions for one series of units is likely to be different than for another different series of units.

Liquidation Rights

Units of each series of the Fund will generally be entitled to a distribution on liquidation of the Fund equal to that series' proportionate share of the net assets of the Fund less expenses of the Fund attributable to that series. The rights and conditions attached to the units of the Fund may be modified only in accordance with the provisions attached to such units and the provisions of the Declaration of Trust. A description of the series of units offered by the Fund and the eligibility requirements attached to each series of units is contained in the Simplified Prospectus of the Fund.

VALUATION OF PORTFOLIO SECURITIES

You can purchase, switch and redeem units of the Fund at the current net asset value per unit (“NAV”) as determined for each series of the Fund at 4:00 p.m. (eastern standard time) on each business day. A “business day” is any day that the Toronto Stock Exchange (“TSX”) is open for trading or such other time as GPMI determines appropriate. On each business day, a separate NAV for each series of units of the Fund is calculated based on the market value of that series’ proportionate share of the assets of the Fund, less any liabilities of the Fund allocated to that series of units, divided by the total number of units of that series held by Fund investors. The NAV will fluctuate with the value of the Fund’s investments.

In calculating the NAV of the Fund at any time, the following valuation principles will apply:

- Units of the Fund shall be deemed to become outstanding as of the business day next following the date on which the NAV is determined for the applicable series for the purpose of the issue of, or switch into, such units and the amount received by the Fund shall be deemed to be an asset of the Fund;
- Units of the Fund in respect of which a completed redemption request has been received by the Fund or one of its authorized agents, or that has been switched out of a series, shall be deemed to be outstanding until (and not after) the close of business on the day as of when the next NAV is determined for the applicable series. After the time of such receipt and thereafter, until paid their redemption price, the units shall be deemed to be a liability of the Fund;

The assets of the Fund shall be deemed to include:

- All cash or its equivalents, including cash in currencies of other countries if conversion into Canadian currency can’t be readily effected, on hand, on deposit or on call, including any accrued interest;
- All shares, bonds, certificates of deposit, bankers’ acceptances, debentures, notes and other evidences of indebtedness or interest therein, subscription rights and other securities owned or contracted for by the Fund;
- All stock and cash dividends and cash distributions to be received by the Fund and not yet received by it but declared to shareholders of record on a date on or before the date as of which the net asset value per unit is being determined;
- All interest accrued on any fixed interest bearing securities owned by the Fund which is not included in the quoted price of such securities; and
- All other property of any kind and nature including prepaid expenses and derivatives.

The value of such assets to be determined as follows:

- The value of any cash on hand or on deposit, prepaid expenses, cash dividends declared and interest accrued and not yet received, shall be deemed to be the face amount thereof unless the trustee determines that any such deposit, is not worth the face amount thereof, in which event the value thereof shall be deemed to be such a value as GPMI determines to be fair value thereof;
- The value of any bonds, debentures and other obligations shall be valued by taking the bid price at the time at which the valuation is calculated;
- Short term securities including notes and money market instruments shall be valued at amortized cost plus accrued interest;

- Subject to GPFI's fair value pricing policy (described below), the value of any security which is listed or dealt in on a stock exchange shall be determined by taking the latest available sale price for a board lot at the time at which the valuation is calculated, or lacking any recent sales or any record thereof, the mean of the latest available ask price and the latest available bid price as at the close of business on the business day or if such stock exchange is not open for trading on that date, then on the last previous date on which such stock exchange was open for trading, all as reported by any means in common use;
- The value of any security, the resale of which is restricted or limited, shall be the lesser of the value thereof based on reported quotations in common use and that percentage of the market value of securities of the class or series of a class of which the restricted security forms part that are not restricted securities, equal to the percentage that the Fund's acquisition cost was of the market value of the securities at the time of acquisition, but taking into account, if appropriate, the amount of time remaining until the restricted securities will cease to be restricted securities;
- A long position in an option or a debt-like security shall be valued at the current market value of the position;
- The value of a standardized future shall be, if daily limits imposed by the futures exchange, through which the standardized future was issued are not in effect, the gain or loss on the standardized future that would be realized if, on the date that valuation is made, the position in the standardized future were to be closed out; or, if daily limits imposed the futures exchange through which the standardized future was issued are in effect, based on the current market value of the underlying interest of the standardized future;
- Where a covered clearing corporation option, option on futures or over-the-counter option is written, the premium received by the Fund shall be reflected as a deferred credit which shall be valued at an amount equal to the current market value of the clearing corporation option, option on futures or over-the-counter option that would have the effect of closing the position. Any difference resulting from revaluation shall be treated as an unrealized gain or loss on investment. The deferred credit shall be deducted in arriving at the net asset value of the Fund. The securities, if any, which are the subject of a written clearing corporation option or over-the-counter option shall be valued at their current market value;
- The value of a forward contract or swap shall be the gain or loss on the contract that would be realized if, on the date that valuation is made, the position in the forward contract or swap were to be closed out;
- Margin paid or deposited on standardized futures or forward contracts shall be reflected as an account receivable and margin consisting of assets other than cash shall be noted as held as margin;
- All assets of the Fund valued in a foreign currency and all liabilities and obligations of the Fund payable by the Fund in foreign currency shall be converted into Canadian currency on each business day on the basis of the foreign currency exchange rate obtained from the best available sources to the trustee including, but not limited to, an accounting agent appointed by the trustee or any affiliate of such accounting agent;
- The value of any security or property of which, in the opinion of the trustee, the above principles cannot be applied (whether because no price or yield equivalent quotations are available as above provided, or for any other reason) shall be the fair and reasonable value thereof determined in such a manner as the trustee from time to time provides.

The liabilities of the Fund shall be deemed to include:

- All bills, notes and accounts payable;
- All administrative expenses payable or accrued, or both (including management fees);
- All contractual obligations for the payment of money or property, including any amount of declared but unpaid distributions immediately after a business day as of which the NAV is being determined to the holders of units of the Fund of record at or before such business day;
- All allowances authorized or approved by the trustee for taxes (if any) or contingencies; and
- All other liabilities of the Fund whatsoever kind and nature except liabilities represented by outstanding units of the Fund and the balance of any undistributed income or capital gains.

CALCULATION OF NET ASSET VALUE

The Fund may, from time to time, trade in, or otherwise be exposed to, securities listed on exchanges located in foreign markets. Generally, these foreign markets operate at different times relative to North American markets, like the TSX. As a result, the closing price of securities that trade on these foreign markets (“foreign securities”) may be “stale” by the time the Fund calculates the NAV. For example, this situation may arise where a significant event that would materially affect the value of the foreign security occurs after the close of the foreign exchange for before the Fund calculates its NAV. Examples of such significant events could include natural disaster, acts of war or terrorism, a substantial fluctuation in foreign markets, unforeseen governmental actions or a halt in trading of the foreign security. In these situations, GPMI may, in consultation with the Portfolio Advisor, fair value a foreign security using procedures established and approved by GPMI if it determines that the value of such foreign security held by the Fund is unavailable or otherwise unreliable.

These procedures may include the use of independent pricing services. In such cases, the value of the foreign security will likely be different from its last quoted price. Also, it is possible that the fair value price determined by GPMI may be materially different from the value realized when the foreign security is sold.

As noted above, GPMI has the discretion to deviate from the Fund’s valuation practices in certain limited circumstances.

The NAV calculation policies may differ from Canadian GAAP. The primary difference is that Canadian GAAP requires the use of bid pricing to value securities traded in an active market, whereas NAV is calculated based on closing trade price. In accordance with NI 81-106 a reconciliation needs to be shown in the financial statements of the difference between net asset value per unit and net assets per GAAP.

PURCHASES AND SWITCHES

Units of the Fund are offered for sale on a continuous basis and can be purchased by submitting a purchase order to your dealer. All purchase orders must be transmitted by your dealer to GPMI on the same day that they are received. Such orders are to be transmitted by courier, priority post or telecommunications facility without charge to you. It is the responsibility of your dealer to transmit orders to us in a timely manner and to assume all associated costs.

The Fund does not intend to issue certificates for units. Ownership will be evidenced by entry in the register maintained by the Fund’s registrar.

GPII has discretion to reject any purchase order. The decision to accept or reject any purchase order will be made within one business day of receipt of the order. If the purchase order is rejected, all purchase monies received with the order will be refunded immediately.

Payment of the total amount of the purchase order and all necessary documents must be received by GPII within 3 business days of receipt of your purchase order. In the event that payment or documents have not been received within this period, GPII will submit an order to redeem the number of units purchased on the next business day and will pay the redemption proceeds to the Fund. The proceeds of the redemption will be used to reduce any amount owing to the Fund. Any excess will belong to the Fund. Any shortfall will initially be paid to the Fund by GPII, but we may collect such amount, together with the charges or expenses incurred, from the dealer who placed the order. Your dealer has the right to collect these amounts from you.

You can purchase, switch and redeem units of the Fund at the current net asset value per unit (“NAV”) as determined for each series of the Fund at 4:00 p.m. (eastern standard time) on each business day. A “business day” is any day that the Toronto Stock Exchange (“TSX”) is open for trading or such other time as GPII determines appropriate. On each business day, a separate NAV for each series of units of the Fund is calculated based on the market value of that series’ proportionate share of the assets of the Fund, less any liabilities of the Fund allocated to that series of units, divided by the total number of units of that series held by Fund investors. The NAV will fluctuate with the value of the Fund’s investments.

All requests received by GPII prior to 4:00 p.m. (eastern standard time) on a business day for a purchase, switch or redemption of units of a series of the Fund will be executed that same business day using that business day’s NAV for the applicable series. Requests received by GPII after 4:00 p.m. (eastern standard time) on a business day will be executed on the following business day using that following business day’s NAV for the applicable series.

Purchasing Series A Units

You may choose from three purchase options when purchasing series A units of the Fund, namely the Initial Sales Charge Option, Deferred Sales Charge Option or “Low Load” Sales Charge Option. You will be deemed to purchase series A units of the Fund by the Initial Sales Charge Option unless you specify otherwise at the time the purchase order is placed.

- **Initial Sales Charge Option** - you negotiate a sales charge with your dealer at the time of purchase of series A units (see “Sales Charges” in the fees and expenses table of the Simplified Prospectus for more information). There may be additional fees to pay if you switch or redeem your series A units within 90 days of purchase or switch – see “Short-Term Trading Fee” below for more information.
- **Deferred Sales Charge Option** - no fee is payable by you to your dealer at the time of purchase of series A units. However, a fee (expressed as a percentage of the purchase price of the series A units redeemed or switched) may be payable at the time of sale if you redeem or switch your series A units during the first seven years from the date of purchase (see “Redemption Charges” in the fees and expenses table for more information). A free redemption entitlement may apply to the redemption of series A units purchased under this purchase option – see “Free Redemption Privilege” for more information.
- **“Low-Load” Sales Charge Option** - no fee is payable by you to your dealer at the time of purchase of series A units. However, a fee (expressed as a percentage of the purchase price of the units redeemed or switched) may be payable at the time of sale if you redeem or switch your series A units within three years from the date of purchase (see “Redemption Charges” below for more information).

Your dealer will receive different compensation depending upon the purchase option selected by you. The fees which you will pay and the time at which you will pay them will vary depending upon the purchase option selected by you.

Purchasing Series F units

Series F units are only available through dealers or financial planners who offer certain "wrap" or "fee for service" programs that have been approved by GPF. An investor in one of these programs pays a fee to his or her dealer based on the assets in that investor's account and/or for on-going financial planning and advice. The investor must maintain, in aggregate, a minimum of \$1000.00 in the Fund. Your dealer or financial adviser must enter into an agreement with GPF before selling series F units. Dealer participation in the series F unit program is subject to terms and conditions determined by us from time to time.

There are no sales charges, redemption fees or service fees payable on the purchase or sale of series F units.

If you cease to be eligible to hold series F units, we may switch your series F units into series A units of the Fund after giving you 30 days' prior notice, unless you notify us during the notice period and we agree that you are once again eligible to hold series F units. On a switch from series F to series A units, Unit holders will be required to choose a purchase option and pay the fees and charges applicable to that purchase option. If you do not choose a purchase option, you will be automatically deemed to have chosen the Initial Sales Charge Option - see "Purchasing Series A units" above.

Pre-Authorized Chequing Plan

The Pre-Authorized Chequing Plan (the "**PAC Plan**") allows you to make periodic investments in series A and series F units of the Fund. The PAC Plan allows you to:

- make regular investments of as little as \$25 each;
- have the payments drawn directly from your bank account;
- change the amount you invest at any time; and
- change the frequency of your investments, or cancel the arrangements, at any time.

In the event a cheque is dishonoured under the PAC Plan for any reason, including insufficient funds, there may be a \$35 charge.

This program is offered free of charge, other than applicable sales charges. GPF may cancel or change this service at any time.

Automatic Reinvestment of Distributions

All distributions by the Fund will be automatically reinvested in additional units of the same series of the Fund held by the investor at the NAV thereof. No commissions are payable upon automatic reinvestment of distributions. Reinvested distributions will be redeemed on a pro rata basis with the units upon which the distributions were paid.

Switching Between Series of the Fund

You may switch series A units of the Fund into series F units of the Fund through your dealer if you meet the series F eligibility criteria set out above. Before switching any series A units of the Fund into series F units, a fee may be payable if the series A units were purchased under the "Low Load" Sales Charge Option or Deferred Sales Charge Option.

Your dealer may charge you a switch fee of up to 2% of the value of the switched units if you switch from series A units to series F units of the Fund. You may be charged a short-term trading fee in addition to a switch fee if you switch units within certain time periods. See “Purchases, Switches and Redemptions” and “Short-Term Trading Fees” for additional information.

GPI may switch your series F units of the Fund into series A units of the Fund upon 30 days prior notice if you cease to be eligible to hold series F units in your account. GPI will not make the switch if your dealer notifies us during the notice period, and we agree that you are once again eligible to hold series F units. On a switch from series F units to series A units, Unit holders will be required to choose a purchase option and pay the fees and charges associated with that purchase option. If you do not choose a purchase option, you will be automatically deemed to have chosen the Initial Sales Charge Option - see “Purchasing Series A units” above.

Changing units of one series for units of another series of the same Fund is not a disposition for tax purposes; see “Income Tax Considerations” for more information.

REDEMPTIONS OF SECURITIES

Unless we have suspended the right to redeem units, you may redeem your units for cash at any time at the NAV per unit redeemed. A short-term trading fee may apply. You may redeem all or a portion of your units of the Fund on any business day by delivering a written redemption order to your dealer. Your request must be signed by you and, for the protection of investors, GPI may require that your signature be guaranteed by a guarantor acceptable to GPI.

GPI must receive all necessary documentation within 10 business days of receipt of the redemption order. The investor will be sent the redemption proceeds within 3 business days of the date the units were priced subject to GPI receiving all necessary documentation. Additional documentation may be required if the investor is a corporation, partnership, agent, a trustee acting for someone else or a surviving joint owner.

If the documentation is not received within 10 business days of receipt of the redemption order, the redemption order will be reversed by processing a purchase order on the tenth business day for the number of units that were redeemed. The redemption proceeds will be used to pay for the units purchased. Any excess proceeds belong to the Fund. Any shortfall will be paid to the Fund by GPI. However, GPI will be entitled to collect the shortfall, plus any costs involved, from the dealer who placed the redemption request. That dealer, in turn, may seek to collect this amount plus the expenses of doing so from the investor on whose behalf the redemption request was made.

If you purchased series A units under the Deferred Sales Charge Option or “Low-Load” Sales Charge Option, redemption charges may apply - refer to “Redemption Charges” below for more information. The charge payable by you at the time of sale will be determined by applying the fee schedule of the Fund which was originally purchased by you, regardless of whether you have since transferred all or any portion of that investment to another Fund. This redemption charge will be deducted from the redemption proceeds and will be paid to GPI or to an appropriate partnership, trust, or other entity, which paid the selling commission on the particular series A units being redeemed.

In order to deter certain trading activities that can be detrimental to the Fund and its investors, such as frequent purchases and redemptions of the Fund by the same investor, GPI may trigger the imposition of a short-term trading fee under certain specified circumstances – see “Short-Term Trading Fees” below for more information. Short-term trading fees are in addition to any applicable initial sales charges, deferred sales charges or switch fees that may apply.

Short-Term Trading Fees

If you redeem or switch units of the Fund within 90 days of purchase, you will be charged a short-term trading fee of 2% of the value of the units redeemed or switched. We may waive this fee at our discretion in special circumstances. This fee does not apply to units purchased under GPFI's systematic plans (such as the Pre-Authorized Chequing Plan and the Systematic Withdrawal Plan). Short-term trading fees are paid to the Fund from which the units are redeemed or switched and are in addition to any other redemption or switch fees that may be payable by you.

This fee is designed to protect unit holders from other investors moving quickly in and out of the Fund. Frequent trading can hurt the Fund's performance by forcing the Portfolio Advisor to keep more cash in the Fund than would otherwise be needed or to sell investments at an inappropriate time. It may also increase the Fund's transaction costs.

Short-term trading fees are in addition to any applicable initial sales charges and deferred sales charges that may apply. In addition to any applicable short-term trading fee, GPFI may, in its sole discretion, decline future purchase or switch orders if we determine that a particular investor's trading activities are detrimental to the Fund or otherwise disruptive to efficient portfolio management. Such transactions could be rejected by GPFI because of the timing or amount of the order or because of a history of excessive trading.

Redemption Charges

- Initial Sales Charge Option - No fee when you redeem series A or series F units unless you switch or redeem them within 90 days of purchases or switch. See "Short-Term Trading Fees" above.
- Deferred Sales Charge Option - Except for redemptions made under the free redemption privilege described under "Free Redemption Privilege", the following fees, based upon a percentage of the purchase amount, will apply if you redeem series A units or switch them to series F units within the first 7 years from the date of your purchase:

Year after purchase	Fee
1 st	5.75%
2 nd	5.50%
3 rd	5.00%
4 th	4.50%
5 th	4.00%
6 th	3.50%
7 th	2.00%
after the 7 th	Nil

- "Low-Load" Sales Charge Option - The following fees, based upon a percentage of the purchase amount, will apply if you redeem series A units or switch them to series F units within the first 3 years from the date of your purchase:

Year after purchase	Fee
1 st	3.00%
2 nd	2.50%
3 rd	2.00%
after the 3 rd	Nil

Free Redemption Privilege

You may redeem (or switch to the Initial Sales Charge Option) in each calendar year, without paying a deferred sales charge, up to:

- 10% of the number of series A units purchased under the Deferred Sales Charge Option and held by you at December 31 of the previous year, plus
- 10% of the number of series A units purchased by you during the current calendar year under the Deferred Sales Charge Option on or prior to the date of redemption, less
- the number of series A units you would have received if you had reinvested any cash distributions you received during the current calendar year.

Any unused portion of the free redemption of deferred sales charge units cannot be carried forward to subsequent years.

Suspending The Right to Redeem Units

We may suspend the right to redeem units of the Fund or postpone the date of payment upon redemption:

- during any period when normal trading is suspended on any exchange on which securities or specified derivatives are listed which, in the aggregate, represent more than 50% by value or underlying market exposure of the total assets of the Fund without allowance for liabilities and if those securities or specified derivatives are not traded on any other exchange that represents a reasonably practical alternative; or
- with the prior permission of the Ontario Securities Commission.

During any period of suspension, no calculations of NAV will be made and the Fund will not be permitted to issue further securities or redeem any securities previously issued. The calculation of the NAV will resume when trading resumes on the exchange or with the permission of any securities commission or regulatory body having jurisdiction. If the right to redeem units of the Fund is suspended and you make a redemption request during that period, your units will be redeemed by the Fund in accordance with the redemption request at the NAV first calculated following the end of the suspension period.

RESPONSIBILITY FOR MUTUAL FUND OPERATIONS

Manager, Distributor and Trustee

GPMI acts as the Manager, Distributor and Trustee of the Fund pursuant to the provisions of the Declaration of Trust dated February 6, 2009. It is the responsibility of the Manager to perform general management and administration of the Fund, which includes the provisioning of office services and facilities. GPMI duties also include acting as the Trustee of the Fund and facilitating the distribution of the securities of the Fund. -The head office of GPMI is located at 100 Mural Street, Richmond Hill, Ontario, L4B 1J3.

The Declaration of Trust and Management Agreement may be terminated by any party thereto at any time upon sixty days' notice. The Trustee may terminate the Fund with the approval of a majority of unitholders of the Fund or where the NAV is insufficient to warrant the cost of continuing the administration of the Fund.

The following are the names, municipalities of residence, offices and principal occupations or business activities during the 5 years preceding the date hereof of the Directors and senior officers of the Manager.

<i>Name and Municipality of Residence</i>	<i>Office</i>	<i>Principal Occupation for the Last 5 Years</i>
Sam Bouji, M.B.A. Toronto, Ontario	Chairman, CEO, President and Director	Chairman & CEO of the Global group of companies
Glenn Moore Hamilton, Ontario	Director & Vice President	Vice President of the Manager- Prior thereto, Director of Sales, Global Maxfin Investments Inc. Prior thereto, Regional Sales Manager, IPM Funds Inc.

Management Fees

For its services rendered to the Fund, GPFI receives from the Fund an annual management fee (accrued daily and paid monthly) which is unique to each series of units and calculated as an annual percentage of the Fund's average daily net asset value attributable to the applicable series of units:

Series A	2.50%
Series F	1.50%

Portfolio Advisor

GPFI has retained UBS Investment Management Canada Inc., a subsidiary of UBS Bank (Canada) to act as Portfolio Advisor. UBS Investment Management Canada Inc. will be responsible for the management of the Fund's assets. This will include the provision of investment analysis, investment recommendations and the making of investment decisions. UBS Investment Management Canada Inc. will also be responsible for the purchase and sale of portfolio assets by the mutual fund and the making of brokerage arrangements relating to the portfolio assets.

The relationship is managed through a dedicated team of service professionals located in UBS Investment Management Canada Inc.'s Toronto office. The principal business address of UBS Investment Management Canada Inc. is 154 University Ave, Suite 800, Toronto, Ontario, M5H 3Z4.

Hussein Amad, Chief Investment Strategist at UBS Investment Management Canada Inc., is responsible for strategy oversight and, as appropriate, sub-advisor selection and oversight. Terry Vaughan, Head of Investment Solutions at UBS Investment Management Canada Inc., is responsible for day-to-day strategy execution based on the direction of Mr. Amad and/or the sub-advisor.

Name	Title	Duration of Service and Experience
Terence Vaughan	Head of Investment Solutions	4 years with UBS Investment Management Canada Inc. Prior: Toron Capital Markets Inc. 15 years industry experience
Hussein Amad	Chief Investment Strategist	2 years with UBS Investment Management Canada Inc. Prior: Scotia Asset Management LP (formerly Scotia Cassels Investment Counsel) 17 years industry experience

The investment management agreement may be terminated by the parties thereto on 60 days written notice. GPMI will pay UBS Investment Management Canada Inc. an investment management fee arising under this agreement from its management fee.

Brokerage Arrangements

The Portfolio Advisor is responsible for initiating and maintaining brokerage arrangements for the purchase and sale of securities for the Fund's portfolios. The primary objective in choosing brokers for the purchase and sale of securities for the Fund's portfolio is to obtain competitive net results, taking into account such factors as commission fees, provision of research, size of order, difficulty of execution, and the degree of skill require of the broker/dealer. The capability and financial condition of the broker may also be criteria for the choice of broker.

The services provided include industry and company analysis, economic analysis, statistical data about the capital markets or securities, analysis or reports on issuer performance, industries, economic or political factors and trends, and other services, including databases or software to deliver or support those services. Remuneration for these services is paid through brokerage commissions on trades executed on behalf of the Fund.

The following broker/dealers have, since the date of the last annual information form, provided investment decision-making services in the nature of research, statistical and other services to the Portfolio Adviser or Sub-Advisers, as the case may be:

Brown Bros Harriman & Co
 UBS AG
 UBS Global Asset Management (Canada) Inc.
 Bank Of Tokyo
 BNP Paribas
 HSBC Holdings PLC
 Sis SegalInterSettle AG

Custodian, Registrar and Transfer Agent

GPMI has nominated CIBC Mellon to act as the Custodian, Registrar and Transfer Agent of the Fund. CIBC Mellon will be responsible for Fund valuations, Fund accounting and maintaining the securityholders

records. CIBC Mellon will also be the Custodian of the assets of the Fund. The principal business address of CIBC Mellon is 320 Bay Street, P.O. Box 1, Toronto, Ontario, M5H 4A6.

The Custodial agreement may be terminated by the parties thereto on 90 days written notice. The Registrar and Transfer Agent agreement may be terminated by the parties thereto on 90 days written notice.

Auditor

GPI has nominated Deloitte & Touche LLP as the Auditor of the Fund. The principal business address of Deloitte & Touche LLP is Suite 1400, Brookfield Place, 181 Bay Street, Toronto, Ontario M5J 2V1.

CONFLICTS OF INTEREST

Principal Holders of Units - Global Iman Fund

There are no unit holders of the Fund that own or control, either directly or indirectly, 10% or more of the Fund's units.

Principal Holders of Securities – Manager

GPI is 100% owned by Mr. Sam Bouji, Chairman, CEO, President and Director of the Manager.

Affiliated Entities

None of the companies that provide services to the Fund and the Manager are affiliated entities of the Manager.

GPI is a part of the Global group of companies. Other members who are part of the Global group of companies and share a common ownership include: Global Maxfin Capital Inc. (an investment dealer); Global Maxfin Investments Inc. (a mutual fund dealer); Professional Investment Services (Canada) Inc. (a mutual fund dealer); and Global Educational Marketing Corporation (a scholarship plan dealer).

Mr. Sam Bouji, Chairman, CEO and President of the Manager, holds 100% equity stakes in the Manager, Global Maxfin Capital Inc. (an investment dealer), Global Maxfin Investments Inc. (a mutual fund dealer), Professional Investment Services (Canada) Inc. (a mutual fund dealer) and Global Educational Marketing Corporation (a scholarship plan dealer).

FUND GOVERNANCE

The responsibility for governance of the Fund lies with the Board of Directors of the Manager of the Fund. A list of these directors is set out under "Responsibility for Mutual Fund Operations - Manager, Distributor and Trustee". The Board of Directors currently consists of 4 individuals.

Independent Review Committee

GPI has established an Independent Review Committee (the "IRC") for the Fund. The IRC is made up of three individuals, who are fully independent of GPI and its affiliates. The members are as follows:

Sue Bochner
Freelton, Ontario

Bibi Nazreen Ali
Ottawa, Ontario

Richard Healy
Toronto, Ontario

The IRC will operate in accordance with the applicable securities laws, including National Instrument 81-107 – Independent Review Committee for Investment Funds (“NI 81-107”). In accordance with NI 81-107, the mandate of the IRC is to consider and provide recommendations to GPFI on conflicts of interest to which GPFI is subject to when managing the Fund. GPFI is required under NI 81-107 to identify conflicts of interest inherent in this management of the Fund and request input from the IRC on how to manage those conflicts of interest, as well as its written policies and procedures outlining its management of those conflicts of interest. The IRC will provide its recommendations to GPFI with a view to the best interests of the Fund. The IRC will report annually to Unit holders of the Fund as required by NI 81-107. The reports of the IRC will be available free of charge from GPFI on request by contacting GPFI at info@prosperata.com and will be posted on GPFI’s website at www.prosperata.com.

The compensation and other reasonable expenses of the IRC will be paid pro-rata out of the assets of the Fund.

Committees

The Manager has established various committees to assist the Board of Directors in fulfilling its oversight responsibilities. The membership of the committees may be comprised of individuals from the Board of Directors, from the Manager, from the Independent Review Committee or individuals completely independent of all three of these groups. These committees include the following:

- 1. Corporate Governance, Ethics and Nominating Committee** - The Corporate Governance, Ethics and Nominating Committee comprises 3 individuals and is responsible for developing and recommending to the Board of Directors of the Manager corporate governance policies and principles, identifying and recommending potential director candidates for nomination and assessing the effectiveness of the Board of Directors of the Manager, the Committees and individual directors. The Corporate Governance, Ethics and Nominating Committee’s primary responsibilities include reviewing and recommending policies and procedures to permit the Board of Directors to function independently of management and ensuring compliance with all legal, ethical and regulatory requirements relating to corporate governance. In addition, the Corporate Governance, Ethics and Nominating Committee oversees the administration of an internal code of ethics (the “Code”).

In order to avoid actual or potential conflicts of interest with investors of the Fund, the Code requires that personal investing activities of employees with access to information about portfolio/Fund transactions are monitored and restricted. Additionally, the Code prescribes procedures for pre-clearance, reporting, notification and disclosure of applicable transactions by certain employees of the Manager. The Code also prohibits improper disclosure or use of material non-public or confidential information for personal gain or for the benefit of any other party.

The Corporate Governance, Ethics and Nominating Committee reviews the Code on a regular basis and recommends any necessary amendments to the Board of Directors. It also reviews the Manager’s compliance with the Code and obtains confirmations from the Portfolio Advisor that it has and will comply with all local securities laws and with its own code of conduct.

- 2. Audit Committee** - The Audit Committee comprises 3 individuals and oversees the audit process, the financial reporting process, the systems of internal control over financial reporting and the process for monitoring compliance with applicable laws and regulations. The Audit Committee reviews on a regular basis the Manager’s compliance with all policies and procedures relating to external audits and evaluates the Manager’s monitoring of internal controls. Regular reports and

recommendations are provided by the Audit Committee to the Board of Directors respecting audit activities and related issues.

- 3. Compensation Committee** - The Compensation Committee comprises 3 individuals and oversees the Manager's responsibilities relating to executive compensation and other compensation. The Compensation Committee is charged with implementing compensation review guidelines and providing recommendations for compensation to the Board of Directors and evaluating the performance of executives.

Policies Related to Proxy Voting

GPMI has established the policies and procedures governing proxy voting. GPMI has delegated responsibility for proxy voting to the Portfolio Advisor who advises the Fund. The Portfolio Advisor has outsourced the voting responsibility to an independent proxy analysis and voting service.

The Fund has adopted standard policies (set forth below) to ensure that proxies received by the Portfolio Advisor in respect of securities held by the Fund are voted in the best interest of the Fund.

Generally speaking, a decision to invest in an issuer is based, in part, on an analysis of the performance of management and the corporate governance of the issuer. Since a decision to invest is an endorsement of management of that issuer, the Fund will generally vote with management on routine matters.

The following guidelines summarize the corporate governance principles which the Fund will generally support through the exercise of votes on these issues:

- **Boards of Directors** - resolutions that promote the effectiveness of boards in acting in the best interests of shareholders. Proxies will be voted in favour of the election of directors for boards having a majority of independent directors and an independent chair, where the chairs of all board committees and at least a majority of committee members are independent.
- **Auditors and Auditor Compensation** - where all members of an issuer's audit committee are independent, proxies will be voted in favour of the appointment of auditors and the approval of the recommended auditor compensation.
- **Management Compensation** - to support compensation arrangements that are tied to long-term corporate performance and shareholder value. These arrangements should induce management to purchase and hold equity in the company to better align management's interests with those of shareholders.
- **Changes in Capitalization** - to recognize the need for management of an issuer to have flexibility in the issue or buyback of shares to meet changing financial conditions. Changes in capitalization will generally be supported where a reasonable need for the change is demonstrated, however changes resulting in excessive dilution of existing shareholder value will not be supported.

Non-routine matters will be addressed on a case-by-case basis with a focus on the potential impact of the vote on shareholder value.

Where a vote presents a conflict between the Fund (or its unitholders) and GPMI (or portfolio advisor), the approach taken to resolve the conflict and vote the proxy will be documented in writing. Possible resolutions may include: (i) erecting information "walls" around the person or persons making the voting decision; or (ii) exercising other voting options that are consistent with the Fund's commitment to vote proxies in the best interests of the Fund; or (iii) outsourcing the voting responsibility to an independent proxy analysis and

voting service. The Portfolio Advisor will, on a periodic basis, provide GPMI with a list of companies that are related and connected issuers with such Portfolio Advisor.

Policies Related to Derivatives

The Fund may use derivatives to achieve its investment objectives as disclosed in the simplified prospectus and as permitted by the Canadian securities regulations.

The Fund's Portfolio Advisor is responsible for authorizing, executing and placing controls (if necessary) on derivative trading. Derivative positions are monitored on a daily basis to ensure that the derivative holdings are consistent with the Fund's investment objective and in compliance with all applicable securities law requirements. The Fund does not have written policies or procedures with respect to derivative trading or risk management procedures.

Procedures relating to the use of specific derivative instruments are developed in conjunction with the counterparty and custodian.

As of the date of this annual information form, the Fund has not used derivatives nor does it have written policies or procedures to manage risks associated with the use of derivatives for this Fund.

FEES AND EXPENSES

Management Fee Distributions

To encourage large investments in the Fund or to accommodate special situations, the Manager may reduce the management fees we charge. The reduction is usually based on the cumulative size of your investments in series A or F Units of the Fund.

If your investments qualify, the Manager will calculate the reduction in the management fees according to a fixed schedule that we may change at our discretion. If the Manager reduces the usual management fee for the Fund, the Fund will give you the reduction in the form of a special distribution, which is called a management fee distribution.

The Manager calculates management fee distributions on each business day. They are distributed or paid regularly to eligible investors. The Manager will reinvest the distribution in additional units of the Fund. For the Fund, management fee distributions are made first out of net income and net realized capital gains and then out of capital. See "Income Tax Considerations" below for information on the tax consequences of management fee distributions.

INCOME TAX CONSIDERATIONS

Canadian Income Tax Considerations

The following summarizes the principal Canadian federal income tax considerations with respect to the acquisition, ownership and disposition of units of the Fund generally applicable to an individual investor, other than a trust, resident in Canada, who deals at arm's length with the Fund and holds units as capital property.

This summary is based on the current provisions of the Tax Act the regulations thereunder (the "Regulations"), specific proposals to amend the Tax Act and Regulations announced by the Minister of Finance (Canada) ("Minister") prior to the date hereof and the published administrative policies and assessing practices of the Canada Revenue Agency. This summary does not take into account or anticipate any other changes in law whether by legislative, regulatory, administrative or judicial action.

Furthermore, this summary does not take into account provincial or foreign income tax legislation or considerations.

The Global Iman Fund is expected to qualify as a mutual fund trust under the Tax Act effective from the date of its creation and at all materials times in the future. This summary is based on the assumption that the Fund will qualify as a “mutual fund trust” under the Tax Act effective at all material times.

The following summary is of a general nature only and is not intended to constitute advice to any particular investor. Each investor should seek independent advice regarding the income tax consequences of investing in units of the Fund, based upon the investor’s own particular circumstances.

Taxation of the Funds

The Fund is subject to taxation in each taxation year on the amount of its income for Canadian tax purposes for the taxation year, including net taxable capital gains, less the portion thereof that is paid or payable to holders of units of the Fund in the calendar year ending in the taxation year. The Fund will distribute to unitholders in each year sufficient of its net income and net realized capital gains that, generally, it should not be liable for tax under Part I of the Tax Act. Generally, gains and losses realized by the Fund from the use of derivatives will be treated as capital gains and loss rather than income.

Income of the Funds from foreign sources may be subject to foreign withholding tax.

Taxation of Unit holders

A unit holder of the Fund will be required to include in computing the unit holder’s income such portion of the Fund’s net income and the taxable portion of the Fund’s net realized capital gains, if any, as is paid or payable to the unit holder by the Fund, whether or not such amount has been reinvested in additional units. This may include a Management Fee Distribution. Provided that appropriate designations are made by the Fund, such portion of net taxable capital gains, foreign source income and taxable dividends received on shares of taxable Canadian corporations, if any, of the Fund that are paid or payable to the unitholders (including such amounts reinvested in additional units) will effectively retain their character and be treated as taxable capital gains, foreign source income and taxable dividends of the unitholders. Foreign source income received by the Fund will generally be net of any taxes withheld in the foreign jurisdiction. The taxes so withheld will be included in the determination of income under the Tax Act. To the extent that the Fund so designates in accordance with the Tax Act, unitholders will be entitled to treat such taxes withheld as foreign taxes paid by the unitholders. Gains realized by the Funds from investments in derivatives will generally result in distributions of income rather than capital gains. To the extent that distributions (including Management Fee Distributions) to a unit holder by the Fund in any year exceed the unit holder’s share of the net income and net realized capital gains of the Fund for that year, those distributions (except to the extent that they are proceeds of disposition as described below) may be a return of capital and, if so, will not be taxable to a unit holder but will reduce the adjusted cost base of the unit holder’s units. Unit holders who purchase units may be taxable on accrued but undistributed income, accrued but unrealized capital gains and realized but undistributed capital gains that are in the Fund at the time the units are purchased and that were reflected in the price of the units.

Capital Gains and Alternative Minimum Tax

Upon the disposition or deemed disposition by a unit holder of a unit, whether by redemption or otherwise, a capital gain (or capital loss) will be realized to the extent that the proceeds of disposition, less any costs of disposition, exceed (or are less than) the adjusted cost base to the unit holder of the unit. Generally, one-half of a capital gain (or capital loss) is included in determining a unit holder’s taxable capital gain (or allowable capital loss). Under the alternative minimum tax provisions of the Tax Act, capital gains realized by an individual may give rise to a liability for minimum tax.

A change from one series of the Fund to the other series of the Fund will not result in a disposition for tax purposes and will not result in a capital gain or loss.

Eligibility for Registered Plans

Provided that the Fund qualifies effective at all material times as a mutual fund trust under the Tax Act, units of the Fund will be qualified investments for registered retirement savings plans (including related locked-in plans), registered retirement income fund (including related locked-in plans), deferred profit sharing plans, registered education savings plans and tax-free savings accounts.

REMUNERATION OF DIRECTORS AND OFFICERS

No remuneration, fees or reimbursement of expenses is paid by the Fund to the Directors or Officers of GPFI or the Directors or Officers of the Portfolio Advisor of the Fund.

The Fund pays costs and expenses related to the Fund’s Independent Review Committee (collectively, “IRC Costs”). IRC Costs include compensation paid to members of the IRC in the form of an annual retainer for each IRC member, a separate retainer for the chairperson, fees payable for each meeting attended, insurance and reimbursement for reasonable expenses incurred by the members of the IRC in the performance of their duties. For the year ended December 31, 2009, the IRC Costs were \$9,000.00 which include the following amounts paid to Sue Bochner (\$3,000.00), Bibi Nazreen Ali (\$3,000.00) and Richard Healy (\$3,000.00).

No remuneration, fees or reimbursement of expenses is paid by the Fund to the Trustee.
